

Subject: ASSET Exam III-V

Dear Parents

Greetings to you.

ASSET (Assessment of Scholastic Skills through Educational Testing), developed by Educational Initiatives (EI), is a nationally recognised diagnostic assessment that evaluates students' conceptual understanding, logical reasoning, and critical thinking skills appropriate to their grade level.

The assessment helps identify students' strengths and learning gaps, enabling teachers to provide focused academic support and enhance learning outcomes.

ASSET Assessment for students of Classes III to X will be conducted during school hours from 3 August to 7 August 2026.

Attendance is mandatory.

No special preparation is required for the ASSET Assessment.

It is not an examination based on memorisation or textbook content but an assessment of students' conceptual understanding and their ability to apply knowledge, reason logically, and think critically.

The assessment will cover the following subjects:

- Classes III to X : **English, Mathematics, Science, and AI + Digital Thinking**
- Classes V to X : **Social Studies**

We seek your cooperation in ensuring your ward's regular attendance during the assessment period.

Thanks and Regards

Latha Srikanth

Principal
